Order Catalog No. **GDAG 120** - H **250**

Alterations Catalog No. **GDAG 120** - H **250** - (B) **B**

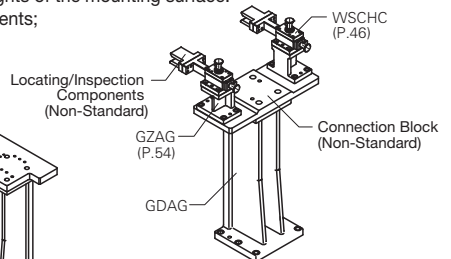

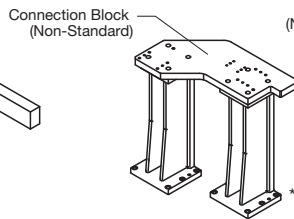

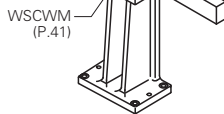

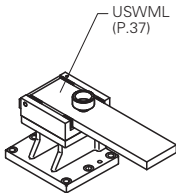

Delivery **Quotation**

Alterations	Code	Spec.
Surface coated with blue paint	<b>B</b>	Non-operating surface of support coated with blue paint.

**Example** The top side can be used for mounting various components or serves as the supporting structure. Various usage needs are satisfied by selecting different sizes and heights of the mounting surface.

- \* Applicable to WSCWM, USWML, USCLM and UALK series components;
- \* Also applicable to other standard/non-standard components with the same mounting dimensions.

\* Used as bottom support members and joints between other standard/non-standard components, meeting the locating/inspection needs under various circumstances.
